

AMISEAL-FIX-11

**Fibrefixation and wetting agent for asbestos containing surfaces,
applied prior to removing asbestos containing building parts.**

DESCRIPTION	AMISEAL FIX/11 is a waterborn, VOC-free fibre fixation agent composed of a dispersion of micro-polymer, and additives derived from nanotechnology, specially formulated to fix asbestos fibres, as wetting agent and with a high surface penetration based on low surface tension.
APPLICATION DOMAIN	For use on asbestos containing surfaces, inside and outside, prior to the removal: <ul style="list-style-type: none">» Roof plates» Insulation materials» Plasters, paints and coatings.» Other asbestos containing materials.
APPLICATION	<p><u>PREPARATION OF THE SURFACE</u></p> <ul style="list-style-type: none">» Remove standing water; apply on a dry surface only.» Application temperature: 5 – 35°C, this temperature range is also applicable during drying.» Shake before use. Do not dilute.» Local rules regarding asbestos removal or encapsulation need to be respected and are the entire responsibility of the user of our products. <p><u>APPLICATION</u></p> <ul style="list-style-type: none">» Spray apply under low pressure or apply with roller or paintbrush.» Fit for use inside and outside.» Consumption: up to 12m²/litre, depending surface porosity. Apply until saturation.
CARACTERISTICS	<ul style="list-style-type: none">» Density: 1 kg/litre (ind.).» Colour:<ul style="list-style-type: none">– Red (colourless after drying)– Blue (light blue after drying)» Consumption: up to 12m²/litre, depending type of surface.» Drying time: 1 to 12 hours (depending consumption and environmental conditions).
PACKAGING	25 litre ; pallet: 30 x 25 litre.
STORAGE	Store in a dry and ventilated place at a temperature between + 5 ° C and + 20 ° C. Use before: 12 months from the date of manufacture, in original unopened packaging.
VEILIGHEID	Consult safety data sheet prior to use.
